Inauguration of Refurbished ASD Lab and New Data Centre in Punjab and Haryana High Court

On 11.08.2024, the renovated ASD Lab was Inaugurated by Hon'ble Mr. Justice Surya Kant, Judge, Supreme Court of India. The lab is protected by a biometric and RFID card-based authentication system, along with an IP surveillance system featuring IP dome cameras for comprehensive monitoring. In addition to the ASD Lab renovation, a new Smart Row system was installed in the Data Centre. This system is equipped with an integrated UPS, fire extinguisher, and online surveillance, offering robust security for high-end SAN

storage, servers, backup appliances, and an automated tape library. The facility is designed for uninterrupted operations with long battery backup, automatic generators, and various safety measures, including temperature and humidity sensors, rodent repellents, a gas-based fire suppression system, and a water leak detection system. The Lab has been fully refurbished embracing the future of technology and becoming the epitome of technological innovation and advancement.

Punjab and Haryana High Court Launches ePass Portal

ePass is an initiative launched by the Punjab and Haryana High Court to facilitate a smooth and efficient process for obtaining paperless ePasses necessary for visiting the court for official or case-related matters. This platform incorporates advanced features designed to eliminate the cumbersome procedures typically involved in

making visit requests. The primary aim of this document is to outline the workflow for visitors and litigants on the ePass portal, along with the related processes. This system ensures that visitors and litigants can easily apply for and receive ePasses, thereby streamlining the overall visitation process to the Supreme Court of India.

Inauguration of NI Act Digital Courts at High Court of Kerala

On 16.08.2024, Hon'ble Mr. Justice B. R. Gavai, Judge, Supreme Court of India inaugurated India's first exclusive Digital Court designed to handle cases under the Negotiable Instruments Act. This event also marked the launch of We-Solv Virtual Solution, an online dispute resolution platform, and the Model Digital CourtRoom. Additionally, Kerala Chief Minister Sri. Pinarayi Vijayan inaugurated Special Courts in Ernakulam and Alappuzha, dedicated to addressing cases under the SC & ST Act 1989 and the Banning of Unregulated Deposit

Schemes Act, 2019. The event was graced by Hon'ble Mr. Justice Rajesh Bindal, Judge, Supreme Court of India and Hon'ble Mr. Justice C.T. Ravikumar, Judge, Supreme Court of India, and A. Muhammad Mushtaq, Acting Chief Justice, High Court of Kerala.

Inauguration of Smart Court

Kollam: The High Court of Kerala is spearheading a groundbreaking initiative to address the significant backlog of cheque dishonour cases, which constitute approximately 10% of pending cases in Kerala. Recognizing the opportunity for

reform, the Court is introducing a novel category of courts. The Courts will pioneer seamless integrations with digital ecosystems and open APIs, fostering ecosystem participation and collaboration. The key process transformations will enable asynchronous case progression, enhance synchronous hearings & empower litigants through seamless communication within the digital ecosystem. This pilot initiative to inform and refine the approach, paving the way for its extension to other dispute categories across all the Courts in the District Judiciary of Kerala.

We-Solv Virtual Solution Maker-Online Dispute Resolution System:
We-Solv Virtual Solution Maker System, a groundbreaking initiative developed by our in-house team in collaboration with V Consol for the High Court of Kerala and District Courts. This innovative system is set

to revolutionise judicial processes by enhancing the efficiency, accessibility, and transparency of alternative dispute resolution. By leveraging this system, all stakeholders, including litigants, counsel, Lok Adalat members and mediators can engage in online deliberations, negotiate settlement terms, draft awards, and sign them using electronic signatures. ADR Sessions, e-signs are used to authenticate and finalize award documents, simplifying the documentation process and ensuring their legal validity. All signed documents are securely stored and easily accessible through our integrated case management system. The system also automatically sends notifications and reminders for the sessions, document submissions, and deadlines to keep all participants informed and prepared.

Announcement of Digital District Courts: The Kerala High Court is revolutionizing the justice system with the establishment of Digital Courts in all fourteen districts. Presided over by the Judges in the cadre of District Judges, these courts will enable online hearings, reducing physical court visits for litigants. This initiative is in line with the judiciary's commitment to embrace technology and hence modernize court processes for the benefit of our citizens.

Model Digital Courtroom. The Kerala High Court is set to redefine The Learning Management System (LMS) is a platform for providing comprehensive training experience to learners.

1. Course management tools help trainers create and organize online classes. They can add assignments, quizzes, and other materials. Trainers

the courtroom experience with Model Digital Courtroom. Designed to overcome the limitations of traditional courtrooms, this facility seamlessly integrates advanced technology with user-centric design. With a focus on accessibility, the Model Courtroom caters to the needs of all, including persons with disabilities. This innovative space will showcase the future of justice delivery.

Learning Management System of the Kerala Judicial Academy and the release of the Annual Report of the Kerala Judicial Academy:

can track learner progress and communicate with them easily.

2. Manage Users Efficiently: LMS empowers you to manage users efficiently. Easily create, modify, and delete accounts. Assign specific roles and permissions to control access. Ensure data privacy and security

while streamlining user administration.

3. Create engaging and diverse learning experiences. Develop rich course content using text, images, videos, audio, and interactive elements.

4. Unique Communication Tools - Foster collaboration and knowledge sharing with our robust communication tools.

5. Mark Attendance Digitally, Create various assessments, and manage grades effectively.

Inauguration of the Special Court for the trial of BUDS Act cases, Alappuzha:

The Banning of Unregulated Deposit Schemes Act, 2019 establishes a comprehensive framework to prohibit unregulated deposit schemes and safeguards the interests of depositors. Given the prevalence of unauthorised money deposit schemes that exploit innocent individuals, expediting the trial of such offences is crucial. Section 8 of the Act mandates the establishment

of Designated Courts to adjudicate offences punishable under this legislation. A Designated Court is being established at Alappuzha, which will facilitate prompt and effective prosecution of offenders under this special statute, ensuring timely justice for victims and reinforcing the integrity of the financial system.

Training Programme Conducted By IT Directorate For Senior System Officers (SSO) in High Court of Kerala

A two-day comprehensive training Programme was conducted for the

Senior System Officers (SSO) posted in all districts of kerala on 30.08.2024 and 31.08.2024 in the IT Training Hall. It covers Criminal Rules of Practice and Civil Rules of Practice, eOffice, High Court Office Procedures, Case Management System and Server Infrastructure.

Training on eOffice for all Private Secretaries of High Court of Kerala

As per the directions of the Hon'ble the Acting Chief Justice, a training on e-Office was conducted for the Private Secretaries of all the Hon'ble Judges, to familiarise and update them on various functionalities of

eOffice suite, to ensure smooth and efficient handling of eOffice. The training was conducted on 07.09.2024 in two batches in the I.T. Training Hall.

High Court of Kerala Deployed Mobile eSewa Kendra At Landslide Affected Areas In Wayanad District

The Hon'ble High Court of Kerala has initiated a proactive outreach effort by deploying the Mobile eSewa Kendra. This initiative aims to provide immediate legal assistance, e-court services, and free legal aid to the affected community. Hon'ble Principal District and Sessions Judge, Kalpetta inaugurated the programme Mobile eSewa Kendra programme at the Meppadi Panchayath Community Hall on 02.09.2024. It offers the following services:

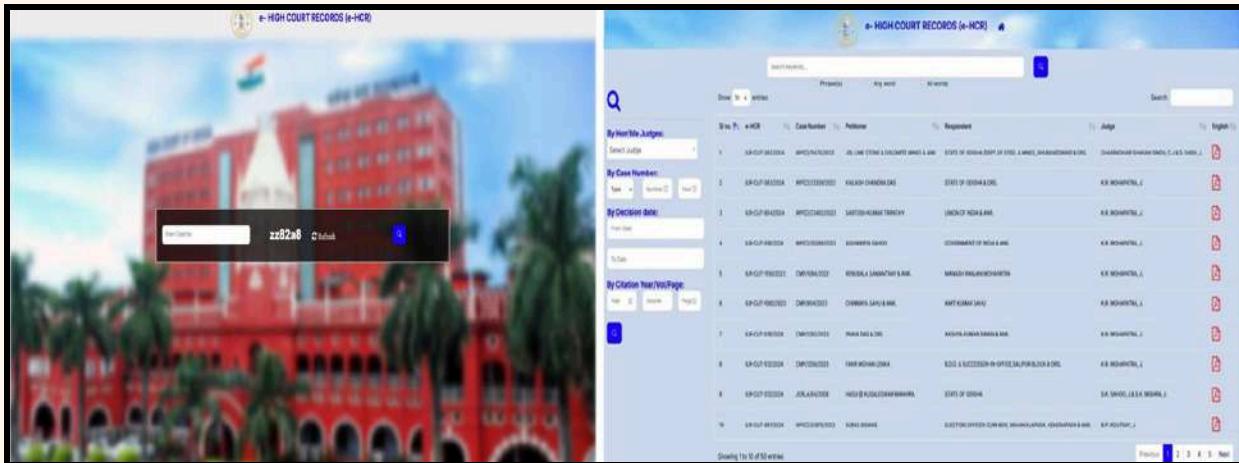

Free legal aid: Providing the landslide victims access to legal support at no cost.

E-court services: Offering access to judicial services, enabling victims to resolve legal matters efficiently.

Other legal assistance: Guiding affected individuals on legal rights, entitlements, and steps to seek compensation or relief.

The Mobile eSewa Kendra in Wayanad District has been very helpful in meeting legal needs. Using modern technology and support from legal professionals, this initiative is providing quick and easy access to legal help and justice for the victims. 450 cases have been registered till 07.09.2024 through the Mobile e-Sewa Kendra.

High Court of Orissa launches e-HCR (e-High Court Records) Portal

On 29.08.2024, the Hon'ble Shri Justice Chakradhari Sharan Singh, Chief Justice, High Court of Orissa launched the e-HCR Portal through virtual mode, in the presence of Hon'ble Companion Judges of the High Court of Orissa. The e-HCR (e-High Court Records) Web Portal is designed as per the instructions of the AI Assisted Legal Translation Advisory Committee, Supreme Court of India. The e-HCR portal is user friendly, unrestricted and accessible to all users. The e-HCR portal provides access to the Honourable

Courts judgments in bilingual mode that is English and Odia for free. The portal's feature includes: **Search engine:** A free text search engine that can find judgments based on keywords. **Filter criteria:** Users can filter results by using a combination of criteria, such as: Act, Sections, Names of the parties, Judge name, Judgement date, Case type, Case year and Citation number. Click the link to know more:

Distribution of Refurbished Computer Sets To Grade-IV Employees of Gauhati- Nagaland

In keeping with the vision of eCourts Mission Mode Project to enhance judicial productivity and promote ICT outreach among its stakeholders, the Gauhati High Court Kohima Bench undertook a unique initiative to distribute refurbished computer sets to Grade-IV employees and contingency staff of the Registry on the occasion of India's 78th Independence Day held at Kohima, Nagaland on 15th August, 2024. The special initiative was undertaken

with an aim to promote computer literacy. The fully refurbished and ready-to-use computer sets were awarded to 25 (twenty-five) Grade IV employees and contingency staff of Gauhati High Court Kohima Bench in acknowledgement of their noble services to the institution of justice by Hon'ble Mr. Justice Kakheto Sema, Portfolio Judge for Gauhati-Nagaland and Hon'ble Mrs. Justice Mitali Thakuria, Judge of Gauhati High Court.

TWARIT (Transmission of Warrants and Summons and the Report by Information Technology) Program For District Judiciary of Rajasthan High Court

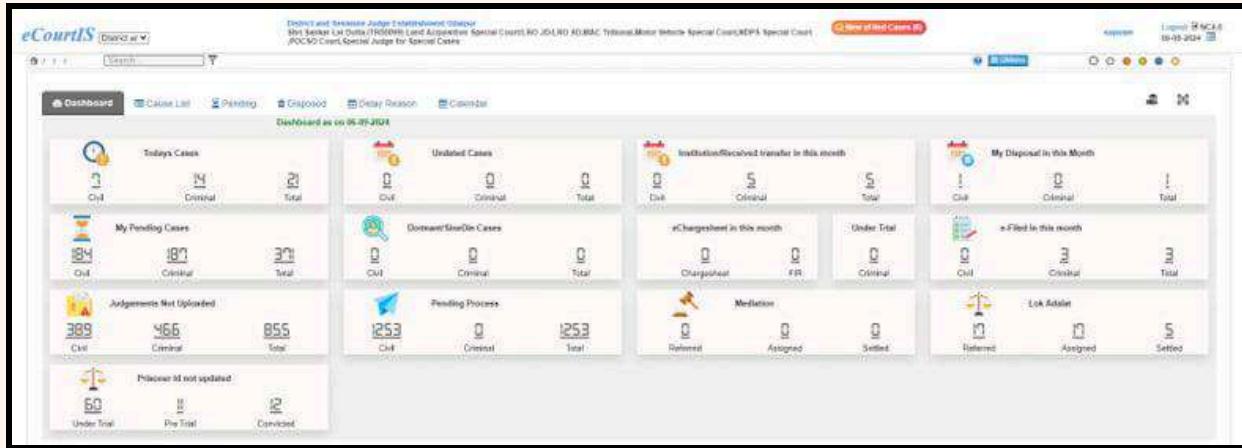

TWARIT (Transmission of Warrants and Summons and the Report by Information Technology) aimed at transforming the automation of traditional processes across the State of Rajasthan was commenced on 25.08.2024, the historic day when Rajasthan High Court commemorated the concluding session of the year long celebrations of its Platinum Jubilee. As litigation has grown exponentially, timely delivery of justice has become critical, making technological intervention essential for judicial

processes. Traditional methods of serving warrants and summons often lead to delays in case resolution. There could not be an occasion better than the concluding ceremony of commemoration of Platinum Jubilee of Rajasthan High Court with gracious presence of a galaxy of dignitaries including Hon'ble Prime Minister of India, Hon'ble Judges of Supreme Court of India, Hon'ble Governor of Rajasthan, Hon'ble Chief Justice & Judges of Rajasthan High Court among other dignitaries. This initiative leverages Information

and Communication Technology (ICT) to integrate diverse systems with tireless efforts of technical team of Rajasthan High Court and under the exclusive supervision and guidance of Hon'ble Mr Justice M.M.Shrivastava, the Chief Justice and Hon'ble Mr Justice Dinesh Mehta, Chairman Steering Committee, Rajasthan High Court, revolutionising how we manage court warrants and summons. After a successful pilot of the project in 4 judgeships, viz., Sirohi, Jaisalmer, Sawai Madhopur and Hanumangarh over a period of time, the experience has been replicated across the State of Rajasthan through necessary procedural enablement vide the Gazette notification "The Rajasthan Electronic Processes (Issuance, Service and Execution) Rules, 2024" dated 16.08.2024 issued by the Government of Rajasthan. The initiative, a conglomeration of CIS,

CCTNS, ICJS, and NSTEP, focuses on the speedy electronic delivery of court warrants and summons, ensuring timely hearings and decisions. Mobile phones have been provided to bailiffs and process servers, allowing real-time tracking of warrants and summons through a dedicated Mobile App. All electronic documents are accessible through a web application. This data is instantly transmitted to a central system and subsequently shared with the Court Information System (CIS). This seamless integration enables courts to monitor service status and make informed decisions promptly. This e-Initiative represents a significant leap forward in the quest for efficient and transparent justice delivery. It embodies a commitment to harnessing technology to enhance the effectiveness of judicial processes and to ensure that justice is served swiftly and fairly.

CIS 4.0 Implementation on Pilot Basis at the Udaipur Court Complex at High Court of Tripura, Agartala

Implementing the updated Case Management System (CIS) 4.0 at the Udaipur Court Complex under the Gomati District marks a significant milestone under the guidance of the eCommittee of the Hon'ble Supreme Court of India. This new software implementation, which is currently being tested on a pilot basis, enables improved management of cases and facilitates smoother data handling. The successful replication of data to the National Judicial Data Grid (NJDG) ensures seamless integration with the national database, critical

for ensuring transparency and easy access to Judicial Data. The upgraded CIS 4.0 will benefit various stakeholders, especially Litigants and Advocates involved in the judicial process. Enhancing data accessibility and case tracking, it simplifies interactions for legal professionals and improves the overall efficiency of the judiciary. This Digital Transformation supports the broader goal of modernising the Judiciary in India & fostering timely & effective delivery of Justice.

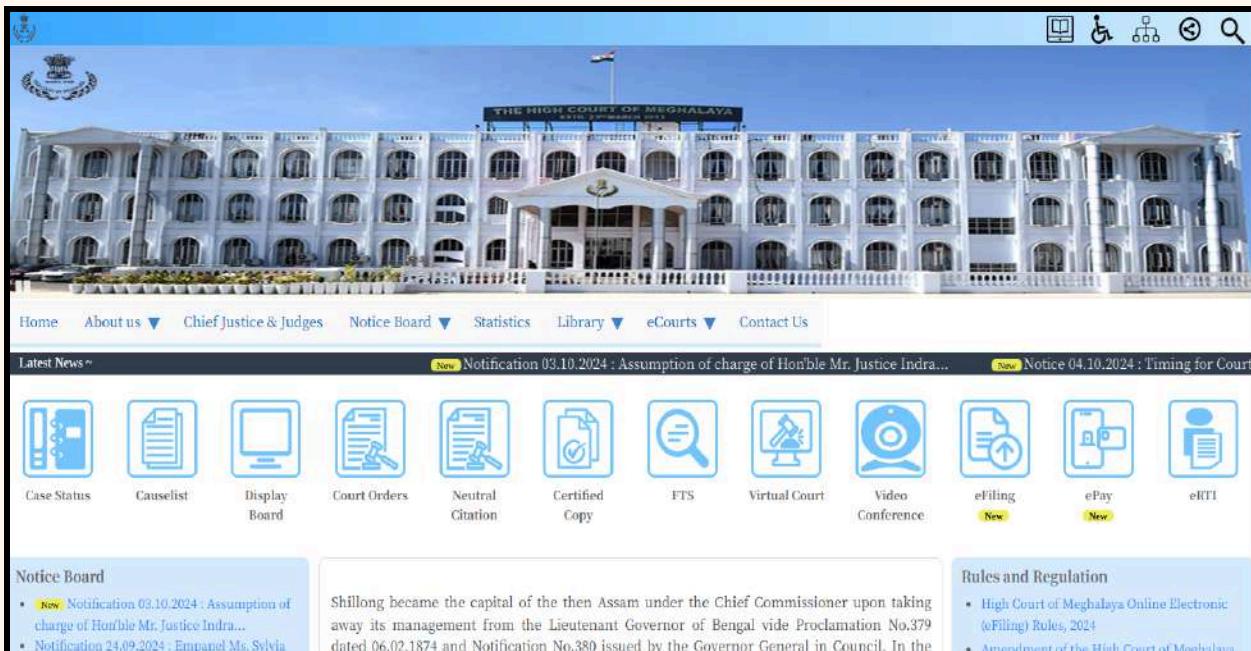

High Court of Tripura Conducts eCommittee Outreach Programme for Advocates & Advocate Clerks

“ECT_7_2024” one day Training outreach programme for Advocate and Advocate Clerks was organised on 17.08.2024 at Longtharai Valley Court Complex under Dhalai District. In the said training programme total 51 nos. of

Advocates & Advocate Clerks were imparted training on various ICT topics by the nominated Master Trainer Judicial Officers.

High Court of Meghalaya Conducts eCommittee Computer Skill Enhancement Program for Judicial Officers & Court Staff

On 17.08.2024, a training session of ECT_8_2024 and ECT_9_2024 on Refresher Programme for Court Staff & NStep Training was conducted by the High Court of Meghalaya. Mrs. Artyksiar Mary Kharbuki, System Analyst, High Court of Meghalaya, Smt. D. Laishram, System Officer, District Court, Shilong, Shri Laphrangki khyriem, Sr. Developer were the resource persons for this

program. The session was attended by 50 staff-members from district council court, Shilong, Jowai, & Tura. Similarly, On 17.08.2024, another session of ECT_13_2024 on Computer Skill enhancement programme Level- I & II was held for Judicial officers of District Council Court, Shilong, Jowai and Tura with the total 13 no. of participants in this training.

298 eSewa Kendra Made Operational in the District Judiciary of Madras

Under Phase-III of e-Courts Project, the Madras High Court has established 298 eSewa Kendra in 250 Court Complexes in the State of Tamil Nadu and U.T. of Puducherry equipped with 596 Nos. of All in One Desktops (2 nos. each) and 298 High End Scanners (1 no. each) to quench the immediate requirement and

recruited 298 contractual staff for the post of Technical Manpower deployed at each eSewa Kendra. The High Court has addressed all the Principal District Judges in the District Judiciary to make eSewa Kendra operational from 05.08.2024.

eCourts Capacity Building Training to the Technical Manpower Towards Implementation and Migration to CIS 4.0 in Madras

The High Court of Madras has conducted the eCourts Capacity Building training program (physical mode) through Tamil Nadu State Judicial Academy to the Technical manpower viz., System Analyst, Programmers, Assistant Programmers working in the Madras High Court, Madurai Bench of Madras High Court. In the District

Judiciary towards implementation and migration to CIS 4.0 on 17.08.2024 at the Meeting Hall, Madras High Court from 9:00 a.m. to 01:00 p.m. headed by the Registrar (IT-cum-Statistics). 90 numbers of Technical Manpower have participated in the training programme.

**e-Committee Supreme Court of India
Special Edition**

Hon'ble Mr. Justice Apararesh
Kumar Singh
Tripura High Court

MESSAGE

I feel enthused to learn that the eCommittee, Hon'ble Supreme Court of India is bringing out a High Court Special Issue of the monthly Newsletter to chronicle and highlight the e-initiatives of each High Court.

The timing of this publication could not have been more opportune as we embark on achieving the objectives of eCourts Project Phase-III being guided by the learnings from the earlier two phases.

The integration of technology in Indian Judiciary is broadly aimed at enhancing access to justice, reducing delays in justice dispensation, improving transparency and adapting to the evolving needs of a digital society. However, the central focus of the entire endeavour remains the common litigant and all our efforts to integrate technology with Court processes should ideally seek to provide a convenient and seamless experience to the common litigant.

I am confident that this High Court Special Issue by sharing the best practices of various High Courts would not only inspire new innovative ideas among all stakeholders but also encourage us all to renew our resolve to embrace technology for simplifying Court procedures.

I applaud this unique initiative, congratulate the entire team associated with this project and wish the publication a grand success.

Best Practices (e-Initiatives) of High Court of Tripura

VMS (Vacancy Monitoring System) Ver. 1.0:

An application Software for monitoring vacancy of Judicial Officers and staff members for the High Court as well as District Courts has been developed by the in-house Technical Team.

PESJO (Performance Evaluation System for the Judicial Officer) Ver. 1.0:

PESJO application Software for the Judicial Officers has been developed to monitor the judicial performance of the Judicial Officers.

Periphery Reporting Module:

A Periphery Reporting Module for multiple report generation from CIS Application Software through periphery module has been developed.

Judges on Leave Application:

Application software which tracks the status of Judges on leave from the CIS Application Software and informs the stakeholders of the respective cases through an SMS alert about the information of Judges on leave has been developed.

AI SUVAS: The High Court of Tripura is using AI SUVAS for translating the judgements of the High Court as well as the Hon'ble Supreme Court from English to Bengali. For

awareness, a translated copy of a judgement of Apex Court was published in the High Court Annual Report 2022-23.

Defacement Module Ver. 1.0:

Defacement Module Ver. 1.0 has been developed for defacement of the online payment of Court Fees, Fines and Penalty etc. Initiative has been taken to replace the manual fine money register maintained in every Criminal Court of Tripura with e-Fine Money Register integrated in the Defacement Module Version 1.0.

QR Code for e-Pay:

As an ICT initiative, QR Code directing the user to the URL of the e-Pay portal i.e. pay.ecourts.gov.in has been affixed in all Court Complexes to increase awareness and to ensure ease of convenience.

Surety Tracking System Ver. 1.0:

Application Software for Surety

Tracking System Version 1.0 has been developed for the District &

Sub-Divisional Court Complexes of Tripura through which all the details of sureties in criminal cases can easily be tracked and ascertained by the Courts.

Display Board System Ver. 1.0: Display Board System version 1.0 developed for the District & Sub-Divisional Court Complexes of

Tripura which will collect the case related information from the CIS DBMS and will display it in the display monitors.

e-Granthalaya Ver. 4.0:

e-Granthalaya application has been availed by the District & Sessions Judge Khowai Court Complex for maintaining e-library using all advanced Digital Library features.

Launch of Inventory Management System (IMS): The “INVENTORY MANAGEMENT SYSTEM (IMS)” was developed by the Technical Team of the High Court. The said application was developed to

maintain a digital database of all the IT hardware of the High Court of Tripura and its District Judiciary. This software can keep track of all the computer hardware and peripheral items purchased by the

High Court of Tripura and supplied to the Courts of the District Judiciary containing information like Stock details, Order details, Invoice details, Summary and Detailed Reports of Hardware, Section-wise Issue Report, AMC report, Item Warranty Status Report, Item History and Item Return Report etc. The Software further works in breaking down data silos of hardware enabling the Nodal Officers to monitor utilization, distribution and maintenance of the IT hardware available in the respective Court Complexes.

Notification of Advisories To Safeguard The Rights of The UTPs During Virtual Trial: The "Advisories To Safeguard The Rights Of The UTPs During Virtual Trial" was notified on 08.08.2022. The said notification was issued with the objective of safeguarding the rights of the Under Trial Prisoner (UTP) during virtual trial in the District

Judiciary of Tripura and also to imbue greater transparency, inclusivity and foster access to justice.

Live Streaming & Recording of Court Proceedings Rules, 2023: The "High Court of Tripura (Live Streaming & Recording of Court Proceedings) Rules, 2023" was notified on 07.01.2023. The said Rules were framed with the objective of effectuating and broadening the implementation of Open Court concept during the virtual as well as physical hearings of the High Court and the District Judiciary of Tripura and also to imbue greater transparency, inclusivity and foster access to justice.

Guidelines for Intranet (Local Network) Security Protocol and in Server machine of the District and Sub-Divisional Court Complexes of Tripura: The "Guidelines for Intranet (Local Network) Security Protocol and in Server machines of

the District and Sub-Divisional Court Complexes of Tripura to minimize the possibility of Cyber Threat" was issued on 27.02.2023. The said guideline was issued with the objective of safeguarding the live servers where CIS 3.2 version application has been installed in the District and Sub-Divisional Court Complexes of Tripura and to minimise the possibility of Cyber Threats.

Inauguration of the Implementation of N-STEP (National Service and Tracking of Electronic Processes): Virtual Inauguration of implementation of the N-STEP (National Service and Tracking of Electronic Processes) facility for the Family Court, Gomati Judicial District, Udaipur was done on 05.04.2023 by the District & Sessions Judge, Gomati, Udaipur and Judge, Family Court, Gomati Judicial District, Udaipur.

Launching of an Android Mobile Application of High Court of Tripura: The official Android Mobile

Application of the High Court of Tripura was launched by Hon'ble Mr. Justice Aparesh Kumar Singh, Chief

Justice of the High Court of Tripura on 31.05.2023. The event was held in the august presence of Hon'ble Mr. Justice T. Amarnath Goud and Hon'ble Mr. Justice A. Lodh, Judges of the High Court of Tripura. All the Judicial Officers of Tripura participated in the event which was held virtually. The development of an Android mobile application (App) for

the High Court of Tripura will offer users a convenient and hassle-free experience. The aim of the App is to provide enhanced convenience to all stakeholders involved in the Justice Administration System. The mobile application will replicate all the functionalities of the official website of the High Court of Tripura.

Creation of QR Code Zone in the Lobby of the High Court of Tripura:

A dedicated QR Code Zone has been created and made functional in the lobby of the High Court of Tripura, Agartala. The said QR Code Zone has been designed and developed by the in-house technical team of the High

Court. All the QR Codes containing links to eFiling portal, ePayment portal, Android App of High Court and official Telegram Channel of High Court are displayed on a smart screen. It is designed for the

convenience of all stakeholders, particularly the litigants and lawyers. It enables quick access to IT Services. It ensures access to essential information, thereby improving the overall experience of all the stakeholders.

Development of Paperless Registration System: A Paperless Registration System module has been developed by the in-house technical team of the High Court of Tripura for registration of participants during

the Seminar on “Cross Border Organized Crimes (NDPS, Human Trafficking & Terror Funding etc.) - Impact Assessment and Legal Solutions” organized by Tripura Judicial Academy under the aegis of High Court of Tripura on 29th July, 2023. This application facilitates the event organizer for keeping the record of all the registered participants in electronic mode along with the e-Certificate generation facility.

Live Streaming of Proceedings of Full Bench of the High Court of Tripura:

On 26.09.2023, for the first time, the proceedings of the Full Bench of the High Court of Tripura were successfully Live Streamed on the official Youtube Channel of the High Court of Tripura. The said live-streamed video has garnered 33,000 views (approx.) so far.

Mandatory e-Filing of all Bail Applications in the High Court of Tripura: The High Court of Tripura has implemented mandatory e-Filing of all bail applications through e-Filing portal with effect from 01.09.2023. The notification to this effect was issued on 17.08.2023.

Preparation of SOP relating to VC/Virtual Hearing before the High Court of Tripura: For availing of easy access to Hybrid/Video Conferencing Hearing, the High Court of Tripura has been pleased to prepare a Standard Operating Procedure (SOP) and the same has been circulated to all stakeholders.

Implementation of e-Filing 3.0 in the High Court of Tripura: The High Court of Tripura has successfully implemented eFiling 3.0 for filing of all cases at the High Court of Tripura. The portal provides a complete end-to-end solution for online filing of pleadings and various applications/petitions related to Cases. This was notified on 25.01.2024.

Implementation of QR based Contact-free Registration Application: The implementation of the QR-based contact-free registration process by the High Court of Tripura for the 10th Annual Judicial Conclave is a step towards enhancing efficiency in the registration process. The in-house technical team of the High Court of Tripura developed a user-friendly application that generates QR codes containing attendee's personal information. The application ensures

that the QR codes are securely generated and contain accurate information. Prior to the event, each nominated participant received their unique QR code via WhatsApp and email. This ensured that attendees had their QR codes readily available on their smartphones. A large display screen and a camera were placed at the Reception Desk equipped with QR code scanning capabilities. Upon arrival at the venue, attendees approached the Reception. Attendees presented their smartphones with the QR code displayed to the camera at the Reception Desk. The camera scanned the QR code displayed on the attendee's smartphone. The application decoded the QR code and retrieved the attendee's personal information from the encoded data. Once the QR code was successfully scanned and the attendee's information retrieved, the system recorded the attendance of the participant automatically and

displayed the same on a large display screen.

Implementation of Use of CIS generated processes by all Criminal Courts in Tripura: For optimum use and utilization of CIS 3.2 application, the High Court of Tripura has been pleased to implement the available features of CIS for auto generated QR based processes for all the Criminal Courts of Tripura. This automation would save the repetitive work of court clerks whose services may then be better utilized.

Implementation of Data Health Card in the CIS 3.2 by all the Presiding Officer of District Court of Tripura: The High Court of Tripura has implemented the available Data Health Card facility in the CIS 3.2, a very useful feature, which enables the Presiding Officer of all the District & Sub-Divisional Courts of Tripura to check the authenticity and accuracy of data in

the CIS. This feature would facilitate all the Presiding Officers to make necessary corrections in the aberrant entries.

Implementation of Neutral Citation

Project: The High Court of Tripura has successfully implemented the Neutral Citation Project under the overall direction of eCommittee, Supreme Court of India.

Inauguration of VC facility at Dharmanagar Bar Association:

Virtual Inauguration of implementation of the Video Conferencing facility at Dharmanagar Bar Association under

North Tripura District was done on 03.04.2024.

Preparation of Standard Operating Procedure (SOP) relating to eSewa

Kendra: For optimum use of eSewa Kendra(s), the High Court of Tripura has been pleased to prepare a Standard Operating Procedure (SOP) for eSewa Kendra and the same has been circulated to all stakeholders for its effective implementation.

Data pertaining to Juvenile Justice

Boards (JJBs) made available on NJDG:

The in-house technical team of High Court of Tripura took effective steps for on-boarding of separate establishments for the Juvenile Justice Board (JJB) in each Judicial District of Tripura. These newly created establishments ensured that case data pertaining to Juvenile Justice Boards (JJBs) is made available to all stakeholders.

Development of Delay Reason Entry

Tracking Periphery Module: A periphery module has been developed by the in-house technical team of High Court of Tripura for generating instant report of case records pending for more than 2 years for which the reasons for delay have not been entered by the concerned ministerial staff of the

District & Sub-Divisional Courts of Tripura. This module is being used for effective monitoring and compliance of the direction of the eCommittee, Supreme Court of India for entering the “Reason for Delay” in all cases pending for more than 2 years.

Development of ‘Impugned Judgement / Order Tracking System Ver.1.0’:

LC Number--ST Type	1/10/2016	CNR--TRGT010000402016	Date of Filing--2016-02-20
Date of Registration--	2016-02-20	Date of Decision--	2018-07-27
Establishment Code--TRGT01			

Party Details--The State of Tripura VS Sri Nripendra Das

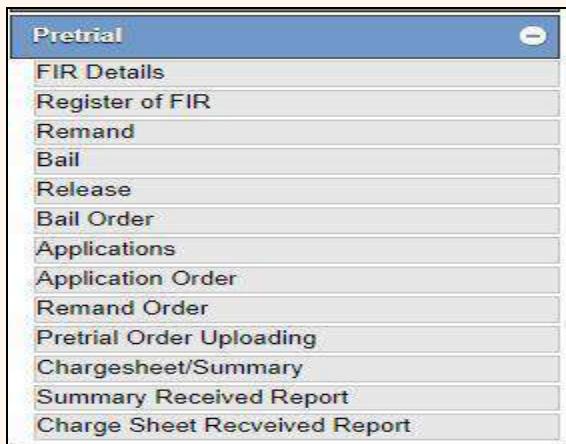

High Court Case Number-- WP(C)/277/2020		
Lower Court Judge Name-- Arindam Paul(TR00027)	Mobile Number--7005650272	Email ID--arindampaul[at]ajj[dot]gov[dot]in

SEND SMS **SEND EMAIL**

“Impugned Judgement / Order Tracking System Ver.1.0” has been designed and developed by the in-house technical team of the High Court of Tripura. This application facilitates sending of SMS alerts to

the Judicial Officer concerned whenever any Judgement/ Order passed by him/her is confirmed or reversed by the High Court.

Implementation of Pre-trial Module in the CIS 3.2 Application in all the Court Complexes of Tripura:

The Pre-Trial Module of CIS 3.2 application has been implemented across all the District and Sub-Divisional Court Complexes in Tripura. The implementation of this Module has facilitated the uploading of Pre-Trial Bail & Remand orders in CIS.

Record Room Case Tracking System Ver. 1.0:

A screenshot of the Record Room Case Tracking System version 1.0. The title bar says "RECORD ROOM CASE TRACKING SYSTEM 1.0". The top navigation bar includes links for HOME, MASTER, ADD NEW CASE, CONSIGN CASES, RECORD ROOM, QUERY, REPORTS, and OTHERS. The main form is titled "SENDING CASE RECORD TO RECORD ROOM FROM COURT". It contains fields for "Date of Decision" (set to 08/08/2009), "Case No" (with a dropdown menu showing "Select Case" and "02"), and various case details: "Case No", "CNR No", "Petitioner Name", "Act Name", "Filing Date", "Disposal Date", "Consignment Date" (set to 08/08/2009), "TR Remarks", "Court No", "Respondent Name", "Under Section", "Registration Date", "Consignment No", and "Files". A "Submit" button is at the bottom.

An in-house periphery application (Record Room Case Tracking System) was developed by the e-Courts technical team to track the status of the case records after disposal when the case record is sent to Record

Room. Through this application the transactions (physical existence, call for etc.) of the case records is being maintained in the Record Room once the case record is disposed of and sent to the Record Room.

**e-Committee Supreme Court of India
Special Edition**

**High Court of Uttarakhand
e-Initiatives & Best Practices**

**Hon'ble Ms. Justice Ritu Bahri The Chief Justice
Uttarakhand High Court**

MESSAGE

It is, indeed, heartening to note that the e-Committee of the Hon'ble Supreme Court of India is proposing to publish a special issue of the e-Committee Newsletter, highlighting the e-initiatives of the High Courts.

An effective judicial system is an essential and integral part of the rule of law. The prime responsibility of the judicial system is to ensure effective, speedy and inexpensive access to justice to its citizens. Access to justice, which represents the ability of every person to enforce the fundamental rights and freedoms guaranteed by the law, is restricted by several factors. Factors like monetary, cultural or geographical barriers disable certain sections of society from accessing courts. Long distances from Courts, more particularly in a hilly State as ours, also act as a barrier to litigants, accused and witnesses in accessing justice as they are, often, required to undertake day long trips to reach courts, quite often only for the matter to be adjourned. Distances also determine the probability of appealing the decision of a lower Court to a State High Court or to the Supreme Court.

It is where the introduction of Information and Technology becomes vital. It is where the Hon'ble Supreme Court of India, through its e-Committee, is leading the path for implementation of Information and Communication Technology in the judiciary. The use of Information and Communication Technology in courts is playing a pivotal role in transforming the judiciary. The Judicial system is moving away from paper-based procedures to embrace digital technologies. This transition to so-called digital justice is redefining the ways in which justice is delivered. The rise of digital justice offers courts the ability to serve justice with greater efficiency and transparency, at lower cost, while making justice more accessible to all. Unburdened by the old processes and procedures, the justice system of tomorrow promises to be more efficient, fairer and less expensive.

I had the privilege of taking over the reigns of this High Court as its 13th Chief Justice on 04.02.2024. Efforts have been made to achieve optimum utilization of technology in courts, so as to make the justice delivery system accessible, cost-effective, transparent and accountable. Various activities have been undertaken under the e-Courts Project under the abled guidance of the e-Committee of the Supreme Court of India. We have also implemented automation of the mediation process through WhatsApp, so that parties do not have to travel long distances for settling their disputes. Under the said process, we have decided to create a WhatsApp Group for each case, which would serve as a medium to automate, share and access all the information regarding mediation activities in the High Court and the District Courts. The Registrar, who is In-charge of the Mediation at the High Court; the Secretary, High Court Legal Services Committee; and the Secretaries of all the District Legal Services Authorities, have been authorized to automate the process of mediation through WhatsApp group. The empanelled Mediators of the High Court and the District Courts have also been directed to create separate WhatsApp groups for each case referred for mediation and to update the proceedings of the said case on daily basis in the said WhatsApp group. The Court is also in the process of engaging Psychologists, who can interact with the litigants and children in the Family Courts. These Psychologists will also be available for interaction with the parties through WhatsApp Group.

While all these initiatives will ultimately prove to be a steppingstone in transformation of the judicial system, the dissemination of information on these initiatives, amongst the various stakeholders and the litigants, who are the ultimate beneficiaries, is equally important. This is where the initiative taken by the e-Committee of the Hon'ble Supreme Court of India to publish the Newsletter, highlighting the e-initiatives taken by the High Courts, achieves significance.

Hon'ble Mr. Justice Ravindra
Maithani
Uttarakhand High Court

MESSAGE

Introduction of information communication tools in the judicial system has immensely changed the working of courts. We have witnessed that during Covid 19 pandemic, Indian judiciary promptly responded to the situation and ensured that access to justice is not denied due to physical obstacles.

The journey from establishment of Judicial Service Centre (Phase I) to the creation of digital infrastructure and access to critical services (Phase III) has promised transformation of justice delivery system. Uttarakhand High Court has already initiated processes for time-bound accomplishment of Phase III activities. By transitioning from paper-bound world to the digital realm, a new era of streamline processes have ushered. We firmly believe these advancements will empower both the legal community and the public, forging a stronger and sympathetic justice delivery system for generations to come. Together, we weave the tapestry of justice delivery's future, its threads woven with the precision of technology, its design formed with the compassion of human mind.

Achievements of Phase I and II of the e-Courts project of the High Court of Uttarakhand

Computerization Work Done

Under Phase: In the Phase-I, computer rooms and judicial service centers have been set up in 30 court complexes. Out of 53 court complexes in the State, site preparation of Computer Server Rooms (CSRs) and Judicial Service Centres (JSCs) has been completed in 30 Court complexes, while Hardware and LAN installation has been done at 26 Court complexes in Phase-I and Phase-II of the eCourts project.

Installation of LAN, Computer hardware and DG Set in Court complexes: Under Phase-I and Phase-2 of eCourts Project, Local Area Network (LAN), installation of Computer hardware and DG Set work has been completed at 26 court complexes as per the guidelines issued by NIC, New Delhi.

Implementation of CIS 3.2 and

uploading of Data on NJDG portal: National Core (NC) CIS 3.2 has been installed across the computers in Court complexes. Presently the CIS is functioning at (includes 52 Court Complexes and 29 other complexes of 01 FTC-Dehradun, 01 Commercial Court Dehradun, 16 Family Courts, 11 Juvenile Justice Board. Data of cases is being entered in CIS 3.2 which is further being uploaded on the National Judicial Data Grid (NJDG) portal for the use of stakeholders.

Installation of Video-Conferencing units:

Under Phase-II of eCourts Project, the video conferencing hardware has been installed at 52 court complexes and 132 courts of Uttarakhand.

Internet Connectivity at Subordinate Courts: Internet Connectivity is being provided at 11 District Courts through leased line. A total of 30 Court complexes in present are being provided internet connectivity through VPNoBB. Wide Area Network (WAN) connectivity has also been provided at 52 Court complexes of Uttarakhand on the directions of the Department of Justice, New Delhi.

Unique identification numbers for Judicial Officers: Unique identification numbers have been provided to each Judicial Officer. The said numbers are being used to enter the data of the court relating to the Judicial Officers in the CIS software which is, thereafter uploaded on National Judicial Data Grid.

Judicial Officers cum Nodal Officers for Computers: One Judicial Officer as Nodal Officer (Computer) has been nominated at

each District. The Nodal Officer (Computer) is responsible for monitoring and updating of data on the National Judicial Data Grid (NJDG) portal and for monitoring entire computer related activities. In addition, District System Administrators are nominated to assist the Nodal Officer in every district with relation to above responsibilities. System officers and assistants have been appointed in the Districts, to manage/support the computer works in the Districts.

Process Re-engineering: General Rules (Civil) and General Rules (Criminal) regarding ICT enablement have been amended by the High Court.

Purchase of Hardware and LAN: Delivery and installation of hardware for State Judicial Academy(SJA), District Legal Service Authority (DLSA) and the Taluka Legal Service Committee(TLSC) of Uttarakhand

State under Phase-II had been completed.

Procurement of Hardware under Phase-II: Under Phase-II of eCourts, following hardware for subordinate courts was to be procured for which funds have been received from the Department of Justice/Hon'ble eCommittee, Supreme Court of India.

District Court Websites: District Court Websites are available for all 13 District Courts through eCourts portal, made on S3WaaS.

E-filing: Vide notification no. 394/UHC/Admin.A/2021 dated 31.12.2021, "Uttarakhand Electronic Filing (E-Filing) Rules, 2021" has been notified. E-Filing Version 3.0 facility was initiated at Hon'ble High Court and all the Subordinate Courts of Uttarakhand w.e.f. 17.01.2023.

Interoperable Criminal Justice System (ICJS): The Interoperable Criminal Justice System (ICJS) has

been introduced to facilitate speedy justice through data-exchange between the courts, police/prosecution, jails and the forensic labs. It has been developed by NIF for the District Courts, prisons and police stations, namely Case Information System, e-Prisons and Kanoon Vyavastha, respectively. The ICJS has also been successfully implemented in police stations of Uttarakhand, where FIR is being consumed in the CIS software of District Courts.

E-True Copy: Vide Office Notification bearing no. 338/UHC/Admin. A/2022 dated 03.11.2022, "The Uttarakhand High Court Electronic True Copy Rules, 2022" have been notified. "Electronic True Copy of Orders/Judgments" is a software application developed to provide litigants and the Advocates of the parties, a form to obtain electronic true copy of

HIGH COURT OF UTTARAKHAND

I declare that the information provided in this application is true to the best of my knowledge and belief. I have read and understood the terms and conditions mentioned in the application form and agree to them.

Submit

orders/judgments available in the National Judicial Data Grid. The procedure to get the aforementioned eTrue copy is available on the official website of Hon'ble High Court of Uttarakhand.

E-RTI Portal: On 19.06.2023, Hon'ble the Chief Justice, High Court of Uttarakhand inaugurated the e-RTI portal. The e-RTI (Right to Information) portal is a web application, only for Indian citizens, that can be accessed through <https://ertihc.uk.gov.in/>. By using the RTI web application, the applicant will be able to file the RTI and First Appeal application at the Hon'ble High Court and District level.

JUSTIS, mobile application:- The JUSTIS app has been installed in the mobile phones of Judicial Officers by which they can access the case pendency and other status of their Courts.

Implementation of SMS Service for Advocates/litigants: SMS service is functional at different court complexes including 52 Court Complexes and 29 other complexes of 01 FTC- Dehradun, 01 Commercial Court Dehradun, 16 Family Courts, 11 Juvenile Justice Board, where CIS 3.2 has been functioning to provide Case information to Advocates /litigants regularly. Information relating to case number, CNR

number, next date fixed and party names are being provided through the SMS.

Automated email service: Automated email service has been started at subordinate Courts by which the information about the case and the causelist is being sent to the registered email addresses of Advocates/litigants.

Neutral Citation- First Phase of Neutral Citation system was implemented in the High Court of Uttarakhand. Now, a 'Neutral Citation Number' is being generated in every disposed of case, before uploading the final order/judgment. Neutral Citations have also been successfully generated for the entire legacy Judgments/Final Orders of this Hon'ble Court.

National Service and Tracking of Electronic Processes (NSTEP)-:

NSTEP has been implemented in all

the District Courts. NSTEP Mobile App provided to bailiffs and process servers enables transparent tracking of service of notices and summons in real-time. The bailiffs can view the allocated processes on the NSTEP Mobile App. The bailiffs can capture GPS location, photo of the receiver or premises to be served, the signature of the receiver. The data captured is instantly communicated to the central NSTEP application.

Virtual Courts: On 10.06.2023, Hon'ble the Chief Justice, High Court of Uttarakhand inaugurated a Virtual Court in Uttarakhand for the online settlement of cases relating to e-Challans, under Motor Vehicle Act, 1988 to adjudicate e-traffic challan cases through virtual electronic platform for the entire district of Dehradun. Virtual Court is an operation in District Court Dehradun and District Court Haridwar.

Ongoing Phase III of eCourts Project at High Court of Uttarakhand

Taking the gains of Phase-I and Phase-II to the next level, the e-Courts Phase-III aims to usher in a regime of maximum ease of justice by moving towards digital, online and paperless courts through digitization of the entire court records including legacy records and by bringing in universalization of e-Filing/ e-Payments through saturation of all court complexes with e-Sewa Kendras. The main objective of the Phase-III is to create a unified technology platform for the judiciary, which will provide a seamless and paperless interface between the courts, the litigants and other stakeholders. The expected outcomes of the scheme are as follows:

- Citizens who do not have access to technology can access the judicial services from eSewa Kendras, thus bridging the digital divide.
- Digitization of court records lays the foundation for all other digital services in the project. It enables processes to become more environment friendly by minimizing paper-based filings and reducing the physical movement of documents.
- Virtual participation in the court proceedings thus reducing costs associated with court proceedings such as travel expenses for witnesses, judges, and other stakeholders.
- Payment of court fees, fines and penalties from anywhere, anytime.
- Expansion of eFiling for reducing the time and effort required to file documents. Thereby minimizing human errors as documents are automatically checked and also preventing further creation of paper based records.

- Use of latest technologies like AI and its subsets Machine Learning (ML), Optical Character Recognition (OCR), Natural Language Processing (NLP) to provide a smoother user experience by building a “smart” ecosystem. Registries will have less data entry and minimal file scrutiny facilitating better decision-making and policy planning. It envisages smart scheduling, an intelligent system that enables data-based decision making for judges and registries, allows for greater predictability and optimisation of the capacity of judges and lawyers.
 - Expansion of virtual courts beyond the adjudication of traffic violation cases, thereby eliminating the presence of litigants or lawyers in the court.
 - Enhanced accuracy and transparency in court proceedings.
 - Emphasis on automated delivery of court summons by further expanding the NSTEP (National Serving and Tracking of Electronic Processes), hence drastically reducing the delays in trials.
 - Use of emerging technologies in court processes will make them more efficient and effective, hence contributing significantly towards the reduction of pendency cases.
- Installation of Porta Cabins and LAN Nodes in e-Sewa Kendra:** Hon'ble eCommittee has sanctioned funds for 40 no. of eSewa kendras with 86 LAN points, for which budget has been released. The work of installation of Porta cabins and LAN is in process at all locations, and it has been assured by the respective Executive Engineer in a meeting held through VC to finish the installation by 15.03.2024.
- Procurement of Hardware and Provisioning of Technical Manpower (Through NICSI):** The work of procurement of hardware

(All-in-one desktop, scanners, LAN nodes) and provisioning of Technical Manpower has been allotted to NICSI. The Interim fund, as received from the Department of Justice, has been transferred to NICSI- New Delhi. With regard to the procurement of All-in-one desktop and scanners, the technical evaluation is in progress which is being done by the NICSI. For installation of LAN nodes, the survey has been completed by two empanelled vendors of NICSI. On request of NICSI, the updated Proforma Request Form will be submitted to NICSI, on which basis, the PI will be issued and work order will be issued to the qualified bidder.

Installation of Solar equipment in Court complexes (By UREDA): Uttarakhand Renewable Energy Development Agency (UREDA) has been requested to visit the 36 sites,

list enclosed with the letter, in concurrence with Nodal Officers of District Computer Committee and In-Charge of Nazarat of respective district at the earliest. After the survey by UREDA, the procurement of Solar Panels has been initiated by the UREDA at 25 locations of Uttarakhand. The Interim funds as received from the Department of Justice (DoJ) have been transferred to UREDA for execution of said tasks.

Procurement of Hand-Held Devices and Digital Signature Tokens: 225 hand-held devices were proposed to be procured for process servers and bailiffs in the Districts of State and a budget of Rs. 27,00,000 has been approved by Hon'ble eCommittee for the same. A work order has been issued to supply 702 units of Digital Signature tokens for Judicial Officers/Courts Staff of District Courts.

Best Practices of High Court of Uttarakhand

Hybrid or Dual Mode of Hearing of Cases:

In view of the COVID-19 pandemic, hearing of cases in the High Court of Uttarakhand was conducted through Video Conferencing from 15.04.2020 till 31.12.2020. In the present, the hybrid or dual arrangement of hearing has been put in place in all the Courts.

Case Information System, CIS 1.0 Specific to High Courts: Unified Case Information System (CIS 1.0), which was deployed on 04.09.2018 is being used to manage the information of the cases in the High Court. Daily and weekly Cause Lists

are made available on the official website of the High Court in PDF format generated through CIS 1.0. Statistical Statements for Sections of the High Court are also available through CIS.

Facility of free Wi-Fi internet in the premises of High Court: The TAC approved estimate of Rs. 93.34 Lakh to provide free Wi-Fi facility to all the stakeholders has been sent to State Government vide letter No. 5961/IT-X/Wi-Fi/2023, dated 21/10/2023. Consent of the State Government has been received and

the required budget has been transferred to PWD with direction to execute the same at the earliest.

Live Case Running Status through LFD Screens and Online Display

Board: Online Display Board software has been developed which can be accessed through the official website of the High Court. The Online Display Board provides updated information about the cases

Official Website of High Court:

Information pertaining to Orders/Judgments, Case Status, Cause List, Video Conferencing Links, Case Categorization, Full Bench Judgments, Jurisdiction of Judicial Courts in Uttarakhand,

being taken up by the Courts of High Chief Justice and the High Judges. A total of 22 LFD based Physical Screens have been installed in the premises of High Court for Live Case Running Status.

Information Kiosk: To provide information relating to cases in the High Court, 02 kiosks have been installed in the premises of the High Court.

Circular Letters, Notifications, Results/Recruitment, RTI Manual, eTenders etc. is available for all stakeholders on the official Website of the High Court. Judgments and orders of the High Court in PDF format are also available on the official website of the Court and on the NJDG portal.

Library- The following software are being used in the High Court library: eGranthalaya- for management of library resources.

- I. KOHA- For management of library resources.
- II. Online Research Services /law libraries like SCC Online and Manupatra have been subscribed to by the library. Digital Law Journals, like SCC Online and Manupatra are also available to each of the Hon'ble Judge of the Court.

Internet Connectivity Status: In the present two arrangements for internet connectivity in the High Court are being maintained. Internet connectivity through a 34 MBPS NICNET connection throughout the High Court by leased line and 50 MBPS MPLS BSNL connection.

Other Connectivity Arrangements: Internet connectivity is being provided at the residence of High Judges through BSNL/ Airconnect/ Airtel FTTH. A third Connectivity channel through the SWAN is also installed in the Courts & residences of Hon'ble Judges.

Android Applications: An Android application for the Display Board has been developed for easy access of Display Board.

The Leave Management System Software for Judicial Officers is in its final stages of approval. It is being tested for two districts in the present.

Software for Case Calling with Diary: A software for Case Title Calls/online copying module for subordinate Court has been developed and is presently tested with success at District Court Bageshwar as a pilot location.

Budget Monitoring System for Account Section of the High Court and the District Courts.

Inventory Management System for Stationery & Management office.

Inspection Pendency Report:- It is being used by the Inspection Section of the High Court. This Software is used for monitoring records of District Court including institution,

disposal, and pendency reports from District Courts by the Section.

Online Pendency and Arrears report software: It is used by the Inspection section. This portal keeps the District wise pendency record of CIS data as well as Non-CIS data.

Recruitment Management System: It is developed for the Administrative Section of the High Court as well as the Subordinate Courts. This portal keeps records like vacancy, working strength, sanctioned strength/posts in the High Court and the District Courts.

Under Trial Prisoner Management System: It is developed for the Administrative Section of the High Court as well the District Courts to keep track of time period under trial of the prisoners, sentences awarded etc.

Website/Portal based Legal Aid Information System (LAIS) for UKSLSA: This portal has been

developed for the person in need of free legal aid who can apply online for free legal aid. It monitors the present status of legal aid applications and other information relating to legal aid rendered.

Court Cause List Software: Software for sending cause list to advocates/litigants The Nodal Officer (Computers) Bageshwar has for now suggested that a Public Announcement System/speaker may be used to make case title calls as the inbuilt system is not adequately loud/audible through automated emails.

DCPMT- the District Court Performance Monitoring Tool: DCPMT- the District Court Performance Monitoring Tool is an Application Software for monitoring the performance of judicial officers of the State of Uttarakhand. The purely in-house software aims to provide a tool to the Hon'ble Chief

Justice and the Hon'ble Administrative Judges of the High Court of Uttarakhand to monitor the performance of the Judicial Officers of the State on five parameters of the Court work on a daily and monthly basis. The software also enables the High Court to monitor the progress of all the subordinate courts in terms of disposal of every case including special category cases like old cases, cases relating to women, children, senior citizens etc. The tool will also provide the Judicial Officers of the State a platform to monitor their own performance. So as to inspire them to do better every day and to achieve a desirable benchmark of performance in line with the expectation of the High Court.

Online Court Fee deposit: Online Court Fee deposit facility through

Stock Holding Corporation of India is available and being used in the High Court of Uttarakhand.

Justice Clock: Justice Clock (RGB Based Display Board) has been installed in the premises of the High Court to display information available in the NJDG.

Dissemination/ Circulation of Official Correspondence only through emails/ electronic media: As an additional step towards paperless/digitized work culture, Official Correspondences like Notifications, Circular Letters, Office Memorandums etc are to be circulated/disseminated only in electronic/ digital form through emails and SMS to the judicial officers and subordinate Courts of the State.
